Greetings All!

Thank you for your responses and your interest in meeting with EPA American Indian Environmental Office (AIEO) and Environmental Justice (EJ) officials visiting in Anchorage Monday August 29th. I know that an hour isn't much time, but I do believe that this is a good opportunity for the EPA folks to learn more about people and environmental issues in Southcentral Alaska, and a good opportunity for you all to meet them and share some of your thoughts and concerns.

In thinking about what you might want to share, please keep in mind that we will have representatives of 4 tribes and the EPA folks together for a 1 hour meeting. To be as fair as possible, and to ensure that everyone gets an opportunity to speak, we should all plan for 10 minutes per tribe, 10 minutes for EPA, and 10 minutes for opening and closing.

This will be an informal closed meeting, for you all invited representatives of local tribal governments to talk with a few key EPA officials. The meeting will be held from 2:00-3:00pm in the Federal Building downtown located between 7th & 8th and A and C streets. Please use the 7th & C Street entrance, bring photo I.D. to pass through security, and ask for Room #154 near the pool by the atrium. Thank you again for your time and interest. We look forward to this time with you on Monday.

Sincerely,

Katherine Brown, M.S.
